
Andy Setser

Alamosa, CO · 316-833-9942 · andysetser@icloud.com

Recent economics and finance graduate working in applied economic development and data analysis in the San Luis Valley. Background in statistical modeling, data cleaning, and quantitative research built through academic coursework at Adams State University and hands-on professional and internship work. Working toward a career as an economist with growing focus on the analytical and research side of the field.

PROFESSIONAL EXPERIENCE

REDI Economic Development Analyst (Contractor)

San Luis Valley Development Resource Group Alamosa, CO

December 2025 to December 2026 · Full-time · 40 to 45 hrs/week

- Conduct outreach and engagement with Economic Development Organizations and chambers across six San Luis Valley counties, collecting quantitative and qualitative data to document organizational capacity and inform regional resource allocation.
- Produce demographic and economic analysis from Census Bureau and American Community Survey data; findings presented to and incorporated into the City of Creede Comprehensive Plan.
- Contribute to the Comprehensive Economic Development Strategy by cleaning and reconciling large multi-source datasets, preparing data for chart and model integration into the federally recognized regional planning document.
- Author the annual Enterprise Zone narrative for the San Luis Valley, compiling economic indicators, program outcomes, and compliance data into a written report reviewed at the state agency level.
- Write grant budgets and EDA compliance reports including the EDA Annual Planning Grant submission; secured a Gates Foundation GIS grant for the organization.
- Analyze financial statements for businesses applying to the regional Business Loan Fund and produce written assessments for the director.

Data Analysis Apprenticeship

Valley Wide Health Remote Unpaid

February 2025 to August 2025 · 10 to 15 hrs/week

- Worked with the financial data analytics team analyzing healthcare billing datasets, building PivotTable dashboards and monthly performance reports in Excel.
- Conducted budget-to-actual variance analysis, identifying discrepancies between projected and actual financial performance and producing structured written findings.

Sangre de Cristo NHA Steward

AmeriCorps Conservation Legacy Alamosa, CO

April 2025 to July 2025 · 35 hrs/week

- Compiled, digitized, and organized historical and economic records for 10 national heritage designation nominees across the San Luis Valley, producing structured data files submitted to History Colorado for official government review.

Mathematics Tutor

Upward Bound Adams State University Alamosa, CO

2023 to 2025

- Provided individualized math tutoring to first-generation college-bound high school students across multiple disciplines including calculus, algebra, and statistics; used Workday for administrative and staff functions throughout the role.
